Dear Mr. President José Daniel Ortega Saavedra:

Our representatives have been consistently contacted by our Miskitu brethren throughout our Miskitu territories complaining, with evidence in hand, that your government, political party, and Nicaraguan Colonos have been unlawfully acquisitioning our natural resources, farms, and land with no compensation nor affording peaceful protest or remedy; forcibly relocating our people with no alternative housing or shelters equal to what they have lost, shelters; are depriving our peoples of food, medicine, and humanitarian aid; accosting our Miskitu peoples with brutal beatings, rapes, extrajudicial killings, and there are reports that these atrocities are on a scale of genocide.

These reports are in direct contravention to the 1948 United Nations Convention on Human Rights and Against Genocide. We are also aware that your government has failed in good faith, to fully implement the peace accord of 1984 between the Nicaraguan government and the Miskitu peoples. Nor did the Sandinista government entertain Miskitu representatives to seek counsel with the royal family of the Miskitu coast in order to ordain any agreement between the parties as valid.

We have recently received reports not only of the Nicaraguan Colonos, but also of both Chinese and Russian nationals trespassing and harassing our peoples with no recourse or remedy.

The recent case of The Mayagna (Sumo) Awas Tingni Community v. Nicaragua, Judgment of August 31, 2001, Inter-Am. Ct. H.R., (Ser. C) No. 79 (2001) clearly proves that your government has not fulfilled its treaty obligations towards the Miskitu peoples (all 12 tribes).

It is time in our shared history, that your government and the heads of the royal family in-exile communicate and attempt to amicable resolve these issues without delay. We await your response.

Respectfully submitted, under the *Seal* of the Royal Miskitu Government-In-Exile on behalf of the Miskitu peoples, as sewn to, this 7th day of December, 2016.
